Jas. W. Collins Dies At Sandlick Home

We had not heard it but at a late hour today the word of the death of James W. Collins, at his home on Sandlick reached us. He was forty-five, a miner, by profession and a World's War veteran always a good citizen. He was a son of Uncle Tom Collins who resided till his death on the head of Little Colly. He leaves his widow, a number of children, one brother and three sisters all residing in Letcher county. Burial took place at the old home burying ground on Little Colly. The Craft Funeral Home was in charge of the obsequies.

Birthday Dinner

Mr. and Mrs. Chas. B. Craft of Mayking, Ky., gave a birthday dinner Sunday, Dec. 18th at their home on Pine Creek in honor of Mr. Craft's 33rd birthday. Over fifty guests were present consisting only of their close relationship. Four generations of the Craft's Family were present, consisting of Uncle Dave L. Craft, age 82 years of age, John H. Craft, Uncle Dave L.'s son, Chas. B. Craft, John H.'s son, Rex B. Craft, Chas. B. Craft's son. Despite the fact that Uncle Dave L. is over 82 years old he is very spry and refuses to use a cane. He recently walked across the Cumberland Mountain by himself.

A fine dinner was served and everybody seemed to enjoy the occasion.

Amphill-Beaver Gap Road Work Is Held Up

Unfortunately the State Highway Commission failed to co-operate with the Codell Construction Company in its attempt to continue its winter work on the Hemphill-Beaver Gap road building contract and as a result the work was held up till the early spring. In so doing a great number of workmen were thrown out of work for the time being and at a very time when they most needed employment. And not only this, a worthwhile road project very vital to the interests of the coal fields is retarded. The company, as we stated once before, offered to finance the job through so as to continue the work but the state refused to furnish engineers so that the work could go on. Owing to the fact that the winter work is heavy grading, only consisting of dirt and stone, there seems no reason why it could not have continued during the cold weather.

Bill Kincer Attains Honors on Gridiron

Bill Kincer, of Kona, who is attending school at Augusta, Ga., arrived at his home last night to spend the Christmas holidays. Young Kincer was formerly an outstanding athlete at the Whitesburg High School and achieved quite an honor last week when he was picked as all-back on the team of the Associated Press. All Southern High School team chosen for teams representing fourteen southern states. At the present Mr. Kincer is on his way to recovery from an accidental hurt while on the sport field two or three weeks ago.

The New Year is looking over the hills. What are your plans for the coming year? A wise business man even a wise farmer, sets his stakes ahead. To walk back over the paths already trodden is not the way of progress. Why not all get together and do something to advance Letcher County and the County Seat further than they have ever before? Only the will is needed.

I
DEAR

THE PUBLISHERS OF
THE MOUNTAIN EAGLE.

Mrs. Billie Blair, of Pineville was the guest of her mother at her own street restaurant this week.

We hear complaints from our business people here almost every day on account of the poor business trade conditions. There is no use in it. It is probably due to the inactivity of all of us the past year. Local newspapers in most of the county cease the business activity is heavy.

"In as much as ye have done it unto the least of one of these ye have done it unto me." How many hearts shall we cheer this Christmas?

When a great number of rather aged and others who lost their jobs with the WPA in the last week, the prospect for a little Christmas cheer ended. Many of these could not get a job otherwise to save their lives.

The Postoffice here for the week, the postmaster says is the worse rushed it has ever been in years. Four or five clerks are rushed full time throughout the days. Christmas is a great reason for Uncle Sam, strenuous for those who do the work.

Mr. J. M. Wood who spends a great deal of time away as a hardware salesman is spending the week at his home here with his family and friends.

The erection of a new Dr. Pepper Bottling plant at Hazard is now said to be an assured fact and work will start on the new building for it soon after the first of the New Year. Herman Combs, manager of the plant here will be the promoter.

There will be a candle light service in the Presbyterian Church here Sunday night at 7:30 P. M. All are invited to attend.

It might be well to remember that a new Circuit Court will start on January 2, in the coming New Year.

Rev. and Mrs. Geo. A. Young from Laurel have located at Sergeant. Rev. Young will assist Miss Pattie Allen in her work at the Methodist Church there.

John D. Sergeant, late Judge of the Letcher County Court, arrived here in mid-week to visit a short time with relatives before returning to his home at Charleston, W. Va., where he for the present is located for business purposes. John is a very busy man in his profession as an accountant, travels extensively and only lately returned from a business trip to Miami, Fla.

Miss Elizabeth Combs of Hot Spot, was the Saturday and Sunday guest of Miss Michael Mercer, Miss Clova Amberg and other friends here and at Millstone.

Newt Sturgill, for many months a familiar figure and active on our streets was up and blacked where he is usually employed and seeing his many friends last Saturday, he said, "be certain to send me the Eagle."

This is a human newspaper, more than cold type, more than white paper, more than printer's ink but living water brewed from fountains ready to flow into other hearts.

There is a flying rumor current that a boy at Neon found a considerable sum of money and has been spending it freely. The rumor is unconfirmed at this time.

Judge Sandy Adams, of Millstone, this week purchased the Norman Hotel and has already taken possession of same. The consideration has not been made public.

Santa, you are the ideal of every heart, or should be. Please don't waste anything on us except peace and sunshine. Please comfort the poor, the ragged, the man who goes to his little home with scarce a bit of bread. Light up all hearts with that LOVE which is everlasting.

Uncle Jim Stallard of Ermine, who has plodded the pathways of life for around seventy-five years, was in town and hailing us said, "I am missing the old Mountain Eagle each week, won't you send it to me and I'll pay you." And that meant the word with the bark on it and we are doing so.

Uncle Elbertson Bentley has not been seen on the streets since his late operation at the Jenkins Hospital, but we understand he is doing quite well.

It was a real crowd which heard the address of Mr. E. B. Lovern at the Men's Bible class at the Presbyterian Church on last Sunday. Departing from the regular Bible text assigned for that occasion the speaker pictured the beauty and glory of the Christmas spirit as it applies to human life. Mr. Lovern, employed in the postoffice at Hazard has spoken before the class before and never fails to bring a fine message.

Henry M. Dixon, of Jeremiah, and no better citizen and better man lives, came into the Eagle office yesterday, greeted us with an old time, rambling hand-shake, stayed a while and left with a subscription paid for a year.

Uncle Jim Frazier has not been seen our streets since the winter's winds began to pinch. He will be 88 the day after Christmas and we understand is very feeble.

EDITOR BEVERLY RESIGNS

Fitz L. Beverly, who for nearly seven years was a steering and trustworthy employee on The Mountain Eagle, but for some years editor and manager of the Dickinson Forum at Clintwood, Virginia, has resigned his position and will be otherwise employed. The Eagle would like to see anyone make a better local newspaper than has come from the guiding hand of Sevel Beverly.

Whitesburg Rotary Club Celebrates Charter Night

On Friday night last the Whitesburg Rotary Club enjoyed one of the biggest meetings in its history. The meeting was held in honor of its annual charter grant. About forty-five members and guests including a number of Rotary Anns, wives and guests of the members. P. E. Sloan was chairman of the program committee and right royally did he perform his duties. Invocation was offered by Rev. Candill, W. L. Cooper, Stuart Robinson school, President of the Club opened by some interesting remarks and was followed by Joe Phillips in an interesting solo.

A Rotary Ann's impression of the Rotary International convention lately held far out on the Pacific Coast was given by Mrs. W. L. Cooper. How-ell Lewis gave an interesting reading which was enjoyed. Bart N. Peaks, Lexington, a guest of honor and late Governor of the State Rotarians made a fine address.

It was a great evening for the ladies. Mrs. French Hawk had some nice remarks pertaining to the interests of the Rotary Anns and complimented the men for the nice banquet given the past year. Rotarian George W. Stewart presented a nice lapel bouquet to each of his fellow Rotarians, the Anns and guests. The menu was the completest ever spread in honor of the occasion.

As "Old Friends are not forgotten" rolled through the Daniel Boone dining department the members, guests and Anns, slowly wended their way out.

Business Men Show Christmas Spirit

A number of our business friends are showing the true Christmas and Holiday spirit by extending greetings and good fellowship to their friends and customers in this issue of the Eagle and News. More and more each year, our people are realizing that they can get only that out of life which they put into it. And so the Whitesburg Wholesale Company, the Coca-Cola Bottling Company, The Bank of Whitesburg, The Craft Funeral Home, The Dr. Pepper Bottling Company, The Bentley Shoe Shop, Passmore Drug Store, Bentley Grocery, Kyva Motor Company, Kentucky Theatre, M. L. Webb, Mayking Childers Drug Store, The Commercial Hotel, The Dawahare Department Store, Family, Mr. and Mrs. Cossie Quillen, Burke Funeral Home, Neon Drug Company, Craft's Cafe, Skaggs Electric Co., New York Bargain Store, A. & P. Store, Tucker's Cafe, Peoples Bargain Store, Morgan's Shoe Shop, Major Department Store, Boone Hardware, Lewis Brothers, Hopkins Grocery Store, Mithel's Restaurant, The Miner's Store and others.

SENDER ANNUAL CHRISTMAS GREETINGS

Chester Hammonds, one of the popular county teachers, manifests the true Christmas spirit by sending the Eagle to his cousin, Claude Profit at Vestaburg, Pa. Claude left here when quite a boy but still will be glad to keep abreast of the times and this will last the whole year through.

Again We Urge Home Buying

Again the Eagle and News being almost wholly home products with venenence and all the force it can use urges our people to trade with home folks and home enterprises. Just at this time there is a scarcity of money or rather there is a tie-up circulation so far as trading is concerned there is greater need for our people to hold within their own bounds what money they have. The home dealer or the home merchant is having a difficult time in holding soul and body together and there could never be a more opportune time for our people to show their colors and their admiration for home business than at the present time. Buy for the holidays at your home town, in your neighborhood and certainly in your county.

Local Doctors Enjoy Big Bird Hunt

BELIEVE IT OR NOT

Dr. Collier and Dr. Passmore returned recently from a big hunting trip and Passmore advises a splendid time. He reports that they fired from 40 to 50 shots. Dr. Collier managed to secure one bird, which through the excitement of so much shooting flew against a tree killing itself. When Dr. Collier came upon the bird he immediately fired into the air and secured the dead bird in his hunting bag. Passmore vouches for the truth of the statement. It seems that the Dr. didn't know that Passmore was close enough to observe what happened.

Witness to this written statement: S. A. Collins, Roy McClure, A. Y. Fulkerson and Nick Wright.

Rotary Ann Notes

Dr. and Mrs. P. E. Sloan will spend Xmas with Mrs. Sloan's mother at St. Alban, W. Va., returning home the middle of the week.

Prof. and Mrs. Golf Long, Milligan College, Tenn., will be at the home of Dr. Sloan's while they are away.

Mr. and Mrs. Bart Peaks, Lexington, Ky., were overnight guests of Mr. and Mrs. Jesse Holbrook, Sr., last week.

Jesse Holbrook, Jr., Millstone, Ky., arrived Friday from University of Kentucky for the holiday season.

The Rotary Ann's appreciated the boxes of chocolates presented to them by the Whitesburg Rotary Club at their dinner celebrating charter night.

Safety Makes A Happy Christmas

As remarked before Christmas times bring on a certain spirit of carelessness among all people. Knowing this, our people should think twice, think three times before they take chances on driving automobiles, on becoming intoxicated, on other things that so easily bring deaths and destruction. Last year so Christmas holidays in the United States were the most disastrous and destructive to human life and human happiness than any whole week in the year. May we in our next week's issue show that our people have been careful and have behaved themselves? We await in anticipation of this.

THE MIGHTY COMMA

"The comma is small but
mighty," runs an item in the
Pacific Printer. "By its use,
or the lack of it, you can change
no into yes, annul a marriage,
rob yourself or outsmart a
lawyer, upset an election, win
a bet or lose a million. A
comma might easily change
the history of the world. A
comma is docile, but it may
be dynamic."

"It is illegal to sleep in a
hotel in (a certain western
state.) The state printer set
the law, and it got by every
department. It will take an
act of the legislature to lift one
comma. The law now reads:
'No hotel, restaurant, dining
room or kitchen shall be used
as a sleeping or dressing room
by an employee or other per-
son.' Lift the comma after
'hotel', and the law makes
sense." —Exchange.

Each spot means

RAILROADS
PURCHASE THERE

● Every dot you see on this map
represents a city or town where one
or more railroads purchase material
and supplies or fuel. In Kentucky
last year the railroads made pur-
chases in 377 cities and towns
located in 102 of the 120 counties
in the state.

A similar map of the Nation
would show that railroads bought
70,000 articles in 12,174 cities and
towns in 2,637 of the 3,072 counties
of the United States.

Your neighbor, the Louisville &
Nashville, made a substantial part
of these purchases. It bought 20 mil-
lion dollars worth of goods last year
and three-fourths of that sum was
spent in the states it serves. Nearly
six million dollars of it was paid
to industries in Kentucky alone.

But the railroads have had to
curtail their purchases in 1938. In-
creased revenues and a return of

normal traffic are needed to bring
about a resumption of railroad buy-
ing in large volume. Such an even-
tuality would stimulate industrial
activity throughout the Nation and
cause the reemployment of thou-
sands of workers.

Given greater freedom to adjust
rates to meet competitive situations,
to adjust services to the demands of
traffic and to adjust expenses to the
conditions of their business, and
placed on an equal footing with all
other forms of transportation, the
railroads will be enabled to earn
more, and thus to increase their
purchasing power and employment.

Editorial

A few weeks ago the skies were radiant with financial hopes and stars of beauty were rising everywhere, then, apparently without reason there was a lull, a slump.

There is one important matter that our people have as well understand now and for all time. Thousands of dollars come into our county for various purposes each week and month but practically every dollar of it goes quickly back from whence it came. The grocery stores get the major part of it, the whiskey emporiums another portion, the bootleggers about get the remnant. In a few days every dollar of this money has left the county and as far as general circulation was concerned it helped only a very few people. No less than \$4,000 is paid to WPA workers in the county every 15 days and yet few of these workers ever have a dollar of this money in their pockets. The grocery man gets the larger portion of it and sends it away for other groceries.

The important point about this all is that as long as our business people fail to provide substantial employment at home and furnish products for home consumption this condition will continue. No country can any longer flourish where a general circulation of money is curtailed. When everybody, if that were possible, has a little handy money around that everybody is happy. It is the opposite of this when this is not so.

Today there is more money intended for circulation in the United States by far than ever before. The banks are full of it, a portion of it is in the pockets of the well-to-do and the rest is not sufficient to furnish anybody much with even trading money. Needless to say Christmas always causes people to lay aside a little money to buy Santa Claus and this tends to cause a lull in all other businesses. The first of the year will see our country settle down with much better prospects for the future.

Accidents during the holidays claim a heavy death toll. Let us ever be watchful and practice the safety rules. Happiness and Good Cheer can easily be changed into tragedy, remorse and regret.

Home

"ALL things come home at eventide,
Like birds that weary of their roosting."

What a true picture these words paint! And how familiar! Perhaps the truest and most familiar of all, the universal appeal, for men everywhere love the thought of home. Somewhere it is the home they have known in childhood; again it may be one they are enjoying now. Or it may be an ideal which they yearningly hope to attain.

But whatever may be the case, home symbolizes shelter, comfort, joy, contentment, rest, companionship; a place where one is understood, loved, encouraged. These things are legitimate. Yet today there are many who even homeless or unhappily situated.

"Whither shall I go from thence?" and "I will dwell in the house of the Lord for ever" (Psalm 134:1, 2). These are the utterances of one who had at least glimpsed the spiritual aspect of home. He had seen that the man who the Scriptures depict as made "in the image of God" and so he could say (Psalm 90:1): "Lord, thou hast been our dwelling place in all generations."

The Discoverer and Founder of Christianity, Mary Baker Eddy, realized that God can be imaged forth by that which possesses the nature of God. Therefore, man, made in God's likeness, is not a material mortal, but a spiritual idea. In her "Miscellaneous Writings" Mrs. Eddy makes this very clear. She writes (p. 156): "We learn in the Scriptures, as in divine Science, that God made all; that He is the universal Father and Mother of man; that God is divine Love; therefore divine Love is the divine Principle of the divine idea named man; in other words the spiritual Principle of spiritual man. Now let us not lose this Science of man, but gain it clearly; then we shall see that man cannot be separated from his perfect Principle, God. Inasmuch as an idea cannot be torn apart from its fundamental basis."

A young woman who had always loved her home found, after her childhood, home no longer existed, that some of her happiest moments were those spent in the homes of her friends. The home

atmosphere seemed to make her thought expand. It brought her rest and satisfaction. As she analyzed her thoughts, she began more earnestly than ever to desire a home and to appreciate all the evidences of home she had ever had.

Then suddenly she awakened to the fact that since man is always in the presence of God, his Father, Mother, man is always at home. Joyfully she began to declare this truth for herself, whenever she was in her room at her office, or elsewhere. She commenced to see that this same truth was true about all of God's wise and watchful; that as she consciously acknowledged this fact, everyone who came to her must feel the joy and peace of being at home. It was not long before this young woman was sharing an apartment with a friend and experiencing to a greater degree the blessing of being at home.

These comforting passages point to the fact that since God, our Father-Mother, includes all the good there is or ever can be, we need not fear or we shall not have anything precious if we acknowledge, love, and adopt the spiritual concept of home. And we fear that this home will not be progressively beautiful. Indeed, we shall be opening our eyes to behold and experience more of the glories of our Father-Mother.

As we discern that man can never be separated from God, we realize that man can never be separated from home. All the good which we see expressed anywhere is evidence of our consciousness of God's presence. Good, then, is not personal limited, or restricted. Real home is not liable to be broken; for man's relationship to God is God-given. Home cannot be lost; it is as ever present as God Himself. It cannot become dark or unlight; it is illumined with the radiance of love, filled with the ideas of truth. Home cannot lack tenderness, companionship, joy or any other good for divine Love is always imparting its own tender, loving qualities. And man is always in the company of God's witness. Surely we need not be fearful about our home for we can always "let our thoughts to accept the home God knows, and receive the blessing He promises" (Isaiah 66:2). Then with keep him in perfect peace whose mind is stayed on these "things that are true to him."—The Christian Science Monitor.
